(54) Title: METHOD FOR THE ISOLATION OF BIOLOGICALLY ACTIVE SUBSTANCES FROM DAIRY BY-PRODUCT OR  
WASTE FLOWS, AND BIOLOGICALLY ACTIVE SUBSTANCES OBTAINED THEREFROM

A

B

C

(57) Abstract: The present invention relates to method for the  
isolation of at least one biologically active substance from an  
industrial dairy by-product or waste flow, comprising - select-  
ing at least one industrial dairy waste or by-product flow con-  
taining at least one biologically active substance; - bringing the  
at least one industrial dairy waste or by-product flow into con-  
tact with at least one solid insoluble support material for suffi-  
cient time to cause the at least one biologically active substance  
to selectively adsorb on said support material; - recovering the  
insoluble solid support material carrying the adsorbed at least  
one biologically active substance.
